

Summer Camp Themes 2021

Register at CampsAtTheDurham.org

Adventures in Puppetry

Perfect (or begin) your puppet-making and puppeteering skills! Throughout the week campers will create many different puppets, put on a few puppet shows, and even meet a puppeteer!

Around the World

Can you travel around the globe in only five days? You can at The Durham Museum! We will "visit" all seven continents and five oceans exploring cultures, landmarks, and much more. Don't forget your passport!

Camp Celebration

What's your favorite holiday? We bet it will be a part of the line-up for our Camp Celebration week! We'll travel through an entire calendar year of holidays and celebrations from around the world, celebrating everything from Valentine's Day to National Pet Day. This camp will be our official kick-off to summer, right after the Memorial Day holiday!

Camp Construction **SPECIALTY THEME**

Put on your tool belt and get ready to learn about the fascinating world of architecture, engineering, and construction! Local companies Boyd Jones, BVH Architecture, and Alvine Engineering will help us explore how buildings get designed, engineered, and built through fun, hands-on activities.

Castaway Island

You've been marooned on a desert island after a shipwreck. You and your fellow crew members have to work together to survive and hopefully escape and find your way home!

Challenging the Deep

This summer's traveling exhibition *James Cameron - CHALLENGING THE DEEP*, on display from the Australian National Maritime Museum, will be the backdrop for this immersive camp. Campers will spend time in this exhibit which showcases Cameron's life achievements in the areas of ocean science and exploration (not to mention items from the Titanic), plus participate in related crafts, games, and activities.

Creation Station

Calling all creators and makers! This camp is for you! Learn about some of the coolest creators throughout history as well create your own masterpieces!

Full S.T.E.A.M. Ahead

No, this isn't a train themed camp! STEAM (Science, Technology, Engineering, Art, and Math) week will feature one letter of this popular acronym each day of the week. Crafts, games, projects, and more will get you ready for "back to school" time during our final week of camp.

Meet the Metr"O" **SPECIALTY THEME**

Get ready to meet your Metr"O"! This camp offers an exclusive look at what makes the Omaha metro so wonderful, taking you behind the scenes to places that have helped to put us on the map (and places you wouldn't normally get to explore). You won't want to miss this one-of-a-kind experience. Keep an eye on our camp website for announcements of this year's line-up!

Myths and Legends

The Loch Ness Monster? Swash-Buckling Pirates? Kings and Queens from distant lands? We'll dive deep into the stories surrounding these characters, both real and fictional, during this mythical week at camp.

Omaha Staycation **SPECIALTY THEME**

Need a summer vacation? Look no further than your own hometown! This adventurous week will take campers on a "staycation" to the hottest visitor locations in Omaha including new stops as well as past favorites. All transportation and admission is included in the cost of your camp, for a truly stress-free staycation! Keep an eye on our camp website for announcements of this year's line-up!

Wide World of Weather

What is up in the wide world of weather?! Find out in this weather themed camp as campers will discover what it takes to be a meteorologist, conduct weather themed science experiments, and visit a real weather station!

Wizard Academy **SPECIALTY THEME**

Pack your trunk! Our 4th annual "back to school" camp will feature a full-week, full-day camp celebrating the wizard world! Join us for the sorting hat ceremony on Monday, the awards ceremony on Friday, and enjoy the adventures in between!
